

Admissions to Misson Primary School

Children may take up a place in our nursery in the term after the term they have their 4th birthday. For a nursery place, please contact the school directly (01302 710580) to discuss your requirements.

You must apply to your Local Authority for a place for your Reception aged child (please follow the link below).

For any other age of child, you should still apply to your Local Authority for a place (using the link below) as they have a responsibility to arrange school places, although you are very welcome to contact us first to check availability and to arrange to view the school.

We welcome school visits.
