

Misson Primary School

You already have your wings, we will help you fly

Dear Parents and Carers

Re: School Uniform

This last year has seen a number of changes, not just across the world, but at Misson Primary School as well. We have seen our Misson Primary School logo change, we have launched both a new and upgraded Facebook and Instagram page, as well as numerous improvements in and around school.

This leads us onto our next exciting announcement. From September our school uniform is changing. We will be keeping the Misson blue but our uniform logo will be brought in line with our butterfly theme.

If you purchase any uniform from PMG School Wear after the 1st June you will receive the new logoed garment, to be worn from September. We fully understand a number of you will still have the older logo uniform and this is not something we ask you to replace. Your child can still wear these items as there will be a cross over period of one academic school year. In fact we will be selling any stock with the previous logo at half price from the school office from the 1st June.

If you have any questions regarding the above please do not hesitate to contact me on 01302 710580.

Kind regards

Mrs Mitchell

Office Manager
